TANVIR RAFI

PROJECT MANAGEMENT / SOFTWARE DELIVERY

01 / PROFILE

Project-minded developer passionate about project management and turning new ideas into working software. Brings structure to the process, clarity to the team, and code to the solution through practical planning, focused execution, and clear communication.

02 / PROJECT MANAGEMENT

- Project planning
- Scope and priority definition
- Task coordination
- Progress tracking
- Risk awareness
- Requirements breakdown
- Process improvement
- Idea-to-launch thinking

03 / SOFTWARE DEVELOPMENT

- JavaScript / TypeScript
- React and Node.js
- REST APIs
- SQL and databases
- Git and GitHub
- Agile workflows
- Quality review
- Code-driven problem solving

04 / COLLABORATION & DELIVERY

CLEAR COMMUNICATION | STAKEHOLDER ALIGNMENT | TEAM COLLABORATION | DOCUMENTATION | PROBLEM SOLVING | PRACTICAL EXECUTION

05 / WORKING APPROACH

CLEAR GOAL. PRACTICAL PLAN. FOCUSED EXECUTION.

Interested in teams that value initiative, accountability, thoughtful execution, and software that solves real problems. Open to project coordination and software-focused opportunities.
